Product information

Shoe color: black

Stock type: Pair

The WARRIOR ALPHA XCL DLC Blade is a replacement blade for Warrior skates with an XCL holder and is designed primarily for ambitious ice hockey players who are looking for a responsive feel and consistent performance during practice and games. The DLC coating provides a hard, durable surface that helps maintain the blade's sharpness longer and ensures the blade glides smoothly across the ice.

- Product Type: Replacement blade for ice hockey skates
- Technology: DLC coating for high surface hardness
- Skatingfeel: direct skating feel with excellent glide characteristics
- Intended Use: Intensive training and game play
- Construction: Rugged design for regular use on the ice
- Compatibility: Fits Warrior XCL holders
- Color: black
- Package contents: Pair

Especially when skating regularly, you'll appreciate a blade that doesn't lose its sharpness and glide performance after just a few sessions. That's exactly where this model shines: The durable surface ensures consistent performance, which remains noticeable during quick changes of direction, when accelerating, and in tight game situations on the ice. As a replacement for worn-out or damaged blades, it fits well into everyday club life when equipment needs to be back in action without delay.

To find the right size, check the embossed length in millimeters on your current holder or runner.
