Product information

Color: black

Stick size: INT

The WARRIOR QR6 PRO INT is a composite hockey stick designed for youth and club players who are looking for a quick shot and direct puck feel during game situations. The INT model is designed for players who already train regularly and appreciate a lightweight stick with clear feedback.

- Technology: Minimus Carbon 25 with a flat, spread-out carbon weave
- Functionality: QR EDGE Taper with angular geometry for rapid energy transfer
- Blade: Edge Blade with a redesigned shape in the lower blade area
- Core: Lightweight polymer core, wrapped in Minimus Carbon 25
- Feel: Direct puck feel with a balanced blade
- Curvature: W03 or W28
- Hardness: 55 or 65
- Variant: INT, left or right, black

The carbon construction reduces unnecessary material movement in the shaft and keeps the weight low, which is particularly noticeable during repeated shots and in tight spaces. Added to this is the QR EDGE Taper, which releases the shot noticeably quickly. The redesigned Edge Blade construction supports loading the stick for quick wrist and snap shots without losing the feel for the puck. This balance is especially helpful during practice and in games when there's little time to prepare for a shot.

When selecting a stick, the blade angle, curvature, and stiffness should be matched to your playing style and physical strength.
