Player hardness: 50
Color: black
Bends: W03
Stick size: JR

The WARRIOR ALPHA LX2 STRIKE JR is a junior hockey stick designed for young players looking for a quick shot release and precise puck control during practice and games. The Saber Taper-2 design combines features of low-kick and mid-kick, allowing shots to be released quickly while maintaining stability throughout the shot.

Product information

- Technology: Saber Taper-2 with a combination of low-kick and mid-kick characteristics
- Shooting performance: powerful shots with increased accuracy
- Construction: lightweight and stable material
- Blade core: super-lightweight polymer core for direct puck feel and noticeable pop on shot
- Shaft shape: ergonomically shaped concave shaft
- Curvature: W03
- Hardness: 50
- Variant: JR, black, left- or right-handed

Especially in junior hockey, a well-balanced stick makes a difference right away: when receiving the puck off the boards, passing under pressure, and shooting on the move. The concave shaft shape fits comfortably in the hand and provides a secure feel in tight game situations. In addition, the lightweight blade core positions the puck cleanly on the blade and helps execute controlled passes and shots without the stick feeling sluggish.

The 50 stiffness rating and the JR model are ideal for younger players looking for a stick for regular hockey practice and the next step in their development. Be sure to select the correct blade orientation—left or right—when making your selection.
