Product information

Color: black

Stick size: INT

The WARRIOR SUPER NOVIUM INT is a composite hockey stick designed for ambitious youth players and advanced intermediate players who are looking for a light, responsive feel as they move up to the next skill level. The shaft combines balanced shot release with precise puck control and is well-suited for both regular practice and intense game play.

- Technology: Minimus Carbon 25 with RL199 construction
- Kickpoint: Mid-kickpoint for balanced shooting power and control
- Taper: Bevel Taper technology for a direct feel
- Blade: Fuelcore T blade for precise puck control and solid durability
- Grip: Textured surface for a secure grip during fast-paced play
- Length: 152 cm shaft length, 166 cm overall length
- Curvature: W03 or W28
- Flex: 55 or 63, left or right, color black

Especially in the intermediate category, the balance between weight, flex, and shooting performance is crucial. The lightweight composite construction supports quick handling, while the mid-kickpoint offers plenty of versatility for everyday play on the ice: from quick wrist shots to controlled passing. The Fuelcore T blade helps you control the puck cleanly and stay composed in tight game situations.

When choosing the flex, it's best to base your decision on your height and weight to ensure the stick matches your playing style and the level of physical exertion you'll be putting on it.
