Product information

Color: white

Stick size: JR

The WARRIOR COVERT DLUX PRO WHITE JR is a junior hockey stick designed for young players looking for a direct, responsive feel during practice and games. The 55-inch model is designed for junior players and is ideal for those who need the length, flex, and blade curvature to be perfectly balanced.

- Product Type: Junior Hockey Stick
- Length: 55 inches
- Size: JR
- Curvature: W03 or W28
- Hardness: 30, 40, or 50
- Stick Type: Left or Right
- Color: white

Especially for young players, the right setup makes a big difference: A softer flex can make shooting easier, while a stiffer stick provides more resistance for stronger juniors. With the W03 and W28 flex options, the stick can also be better adapted to your individual playing style, whether it's ball control, passing, or shooting. The white version fits seamlessly into the Covert line and looks sleek and sporty on the field.

For club players and ambitious juniors, it's especially important that the blade orientation, flex, and length are well-matched. When selecting a stick, therefore, pay attention to whether it's left- or right-handed, as well as to the appropriate stiffness in relation to body height and shooting style.
