Product information

Helmet size 1: SR
Color: white

WARRIOR ALPHA ONE PRO WITH GRILL WHITE is an ice hockey helmet designed for players who want to combine a lightweight design with sophisticated protection and easy adjustment for regular practice and games. The one-piece plastic shell keeps the helmet stable without feeling unnecessarily heavy, and the white finish fits neatly into classic team uniforms.

- Technology: IM PAX FOAM to absorb linear and rotational forces
- Construction: Sturdy one-piece plastic shell with a lightweight design
- Protection: Targeted padding at the temples, back of the head, and forehead
- Adjustment: 270° AdaptFit for easy and precise size adjustment
- Ventilation: Optimized air circulation through the shell
- Care: Pads are washable and available for individual replacement
- Version: with mesh, in white
- Sizes: SR in S, M, and L

Especially when spending a lot of time on the ice, it's important to have a helmet that's easy to adjust and remains comfortable even during longer sessions. The combination of a lightweight shell, strategically placed padding, and optimized ventilation makes this model particularly appealing to club players and ambitious junior players in the senior division who value a snug, unobtrusive fit. Practical for everyday hockey use: The inner pads are washable and can be replaced individually as needed.

The appropriate SR size should be chosen so that the helmet fits snugly all around and can be adjusted precisely using the AdaptFit system.
