Helmet size 1: SR

Color: white

WARRIOR H CF100 WHITE is a hockey helmet designed for players looking for a snug fit during practice and games. Especially in everyday club play, when the helmet is worn frequently and needs to be quickly readjusted from time to time, the adjustable design makes a noticeable difference. Available in white and in sizes S, M, and L for SR, this model meets the needs of many adult players.

Product information

- System: Custom Fit with two adjustable inserts
- Adjustment: Brief heating to customize the fit to the shape of the head
- Material: EPP lining
- Fit: Continuously adjustable via side snap flaps
- Ventilation: Integrated ventilation system in the helmet shell
- IntendedUse: Hockey practice and games
- Size: SR in S, M, or L
- Color: white

The strength of this helmet lies in the combination of customizable fit and ease of use. The heatable inserts help tailor the fit to the shape of your head, while the width can be quickly adjusted using the side snap flaps. This is especially convenient when the helmet needs to be readjusted regularly during intense training sessions. Added to this is the EPP inner lining, which forms the basis of the helmet's protective function, and a ventilation system that channels air around the head.

When making your selection, it's worth taking a close look at the appropriate SR size—S, M, or L.
