Product information

Color: navy

Helmet size 1: SR

The WARRIOR HC COVERT CF100 NAVY is a hockey helmet designed for players who want a comfortable, easily adjustable fit during practice and games. Especially during regular ice sessions, it makes a noticeable difference when the helmet sits securely and can be easily adjusted to fit the shape of your head.

- Product Type: Hockey Helmet
- Adjustment: Custom Fit with two inserts for individual shaping through brief heating
- Fit: Adjustable to the shape of the head for a secure and comfortable fit
- Inner construction: EPP lining
- Adjustment: Side snap flaps for smooth, quick adjustment
- Ventilation: Integrated ventilation system in the helmet shell
- Color: navy
- Size: SR in S, M, or L

The combination of thermally moldable inserts and quick-adjust side straps makes it easy to fine-tune the fit when the helmet needs to be readjusted immediately after changing gear or between practice and a game. The EPP liner forms the foundation of the design, while the integrated ventilation system channels air around the head. This is particularly appealing to club players who are on the ice several times a week and look for protective gear that offers not only a secure fit but also a comfortable, balanced feel.

When selecting a helmet, choose the appropriate SR size—S, M, or L—to fit your head shape.
