Product information

Color: red

Helmet size 1: SR

WARRIOR CF80 RED is a helmet-visor set designed for hockey, intended for players looking for a simple, all-in-one solution for practice and games. The combination of helmet and visor is especially practical for everyday club play because the protective gear and face coverage fit together perfectly. In the red version, the model has a sporty and clean look, perfect for use on the ice.

- Product Type: Helmet with Face Guard
- IntendedUse: Ice hockey training and games
- Construction: Combined helmet-visor design
- Fit: Available in helmet sizes M and L
- Age group: SR
- Color: red

For many senior players, the most important thing is that the equipment is ready to use right away and fits reliably during training. This is exactly where a pre-assembled set really shines. The face guard complements the helmet to form a cohesive unit, making the selection process significantly easier compared to individually assembled parts. This is a clean, straightforward solution, especially for regular club play or when switching to new equipment.

When making your selection, it's worth taking a close look at the appropriate helmet size within the SR model.
