Product information

Protection size-1: YT

WARRIOR RISE YT is a body protector designed for youth athletes that effectively combines protection and mobility. Especially during practice and in intense game situations, it's important to have equipment that covers key areas without hindering movement. The multi-layered foam construction is specifically designed for this purpose.

- Product Type: Body protection for hockey
- Protective Construction: Multi-layer foam
- Protection area: Protection of key body areas with a lightweight design
- Feel: Designed for freedom of movement
- Closure: Flat-lying straps
- Usability: Straps are easy to adjust and do not snag on the jersey
- Sizes: S/M or L/XL
- Age group: YT

In everyday hockey play, the combination of a lightweight feel and strategically placed protection really stands out. This is especially important for young players and parents looking for uncomplicated gear: The protective gear fits close to the body, doesn't add unnecessary bulk under the jersey, and allows for unrestricted movement while skating, passing, and competing. The flat-lying straps also ensure that the gear fits quickly and securely when putting it on and taking it off.

To help you choose, check the appropriate YT size as well as S/M or L/XL to ensure the body armor fits snugly and doesn't slip during the game.
