Product information

Protection size-1: YT

WARRIOR RISE YT is an elbow pad designed for youth hockey, aimed at young hockey players for whom mobility and a comfortable fit are equally important during practice and games. Especially on the ice—when things get tight during one-on-one battles or when you need to react quickly when falling—the protection should stay in place without unnecessarily restricting movement.

- Product Type: Elbow Pad
- Model: EP Rise YT
- Age group: YT
- IntendedUse: Ice hockey training and games
- Protection area: Elbow and forearm
- Sizes: S/M and L/XL
- Fit: Designed for youth sizes

When it comes to elbow pads for children and youth, the most important thing is that they don't hinder movement and integrate seamlessly with the rest of the gear. This is especially important for parents and club players, as equipment should not only fit securely but also be practical for regular training. The Rise line offers a reliable solution for everyday hockey, focusing on the classic protection area around the elbow.

When selecting a pad, it's important to choose the right size so that the pad neither slips nor presses against the arm when bending.
