Product information

Glove color: red

The WARRIOR QR7 PRO RED JR is a junior hockey glove designed for young players who want a direct feel for the stick on the ice without compromising wrist mobility. The snug COVERT TAPER FIT follows the natural shape of the hand and fits close to the hand and wrist, which is especially noticeable during quick plays, shots, and tight stick handling.

- System: COVERT TAPER FIT
- Wrist: AXYFLEX CUFF for plenty of freedom of movement
- Thumb: AXYFLEX THUMB for greater dexterity
- Comfort: BUTTERSOFTEEL with Lycra inserts and an anatomical stretch backhand
- Protective Construction: TRI-LAM with 3 layers of foam
- Color: red
- Size: 13 inches or 14 inches
- Agegroup: JR

During daily practice and in games, the advantage of this design is particularly evident when agility and control must work in harmony. The flexible cuff supports free wrist movement, while the flexible thumb keeps the grip on the stick responsive. Added to this is a game-ready, responsive feel that many juniors appreciate when switching from simpler models. The three-layer foam construction complements the glove with solid protection without sacrificing the character of a snug, flexible model.

When selecting a size, check the appropriate junior size—13 or 14 inches—to ensure a proper fit and natural range of motion.
