Product information

Glove color: black

The WARRIOR QR6 PRO BLACK JR is a junior hockey glove designed for young players looking for a flexible fit with noticeable protection during practice and games. The COVERT TAPER FIT is designed to follow the natural shape of the hand, ensuring the glove fits snugly and doesn't add unnecessary bulk when handling the stick.

- Fit: COVERT TAPER FIT, close-fitting and flexible
- Cuff: AXYFLEX CUFF for unrestricted wrist movement
- Thumb: AXYFLEX THUMB with foam-mesh inserts
- Feel: Lycra inserts and stretchy back of the hand for an instantly comfortable fit
- Protection: TRI-LAM with three layers of foam and plastic inserts
- Palm: PRO PALM X made of Ax Suede with embossed grip
- Color: black
- Size: 11 inches or 12 inches

A flexible design really makes a difference, especially for junior players: The hand remains free during passing, shooting, and stick handling, while the glove provides targeted cushioning in key areas. The open, flexible cuff and thumb area are especially helpful when quick changes of direction and tight puck control are required on the ice. Added to this is a palm that combines a direct feel for the stick with a durable design built for the rigors of daily hockey play.

When choosing junior gloves, the length should be selected so that the hand fits securely and the wrist remains flexible.
