Product information

Glove color: red

The WARRIOR QR6 RED JR is a junior hockey glove designed for young players who need a balance of protection and mobility. Especially during practice and games, it's important to have a model that fits naturally right away and doesn't unnecessarily dampen stick contact. The red version combines a snug, hockey-specific fit with well-thought-out protection and comfort features.

- Fit: COVERT TAPER FIT, adapted to the natural shape of the hand
- Thumb: AXYFLEX THUMB for greater mobility and dexterity
- Back of the hand: anatomically stretchy with Lycra inserts
- Protection: EXO+DUO-LAM with two layers of foam and plastic inserts
- Palm: PRO PALM X made of Ax Suede with embossed grip
- Inner lining: WARTECH FNC LINER, powered by Polygiene
- Color: red
- Size: 10 inches, 11 inches, 12 inches

On the ice, the direct feel of the game really stands out: The flexible construction at the thumb and back of the hand aids in stick handling, passing, and quick reactions—without the glove needing to be broken in first. At the same time, the multi-layered construction on the back of the hand noticeably better absorbs hard impacts than simpler designs. The palm is designed for feel and durability, which is especially important during regular club play. The lining also helps maintain a dry, comfortable wearing experience during longer sessions.

When choosing junior gloves, it's worth taking a close look at the correct size in inches to ensure that the protective areas fit snugly and the hand remains flexible.
