- Back of the hand: anatomically designed, stretchy, with Lycra inserts
- Palm: PRO PALM X made of Ax Suede with embossed grip
- Lining: WARTECH FNC LINER powered by Polygiene
- Color: black
- Size: 10 inches, 11 inches, 12 inches

Especially for young players, it's important that a glove fits naturally from the very first time it's put on and doesn't feel stiff during passes, shots, and quick changes of direction. The combination of a flexible thumb, an elastic back of the hand, and a grippy palm promotes a direct feel for the stick. At the same time, the padding is designed to cushion hits and hard contact during everyday hockey play. The liner also helps keep the glove feeling dry for longer.

The size in inches should match the hand size and the desired fit for junior players.
