Product information

Glove color: red

The WARRIOR QR6 RED SR is an ice hockey glove designed for players who are looking for a flexible fit with noticeable protection during regular practice and games. The COVERT TAPER FIT is designed to follow the natural shape of the hand and provides a direct feel for the stick, while the anatomical, stretchy back of the glove, combined with the Lycra inserts, ensures a comfortable fit right from the start.

- Fit: COVERT TAPER FIT, adapted to the natural shape of the hand
- Thumb: AXYFLEX thumb with foam-mesh inserts
- Protection: EXO+DUO-LAM with two layers of foam and plastic inserts
- Back of the hand: Anatomical and stretchy for a direct feel
- Palm: PRO PALM X made of Ax Suede with embossed grip
- Lining: WARTECH FNC LINER, helps keep your hands dry
- Color: red
- Size: 13 inches or 14 inches, Senior

For club players in particular, the balance between mobility and protection is crucial. Here, the flexible thumb construction works in tandem with the narrower fit, ensuring that stick handling, shooting, and quick changes of direction aren't unnecessarily restricted. At the same time, the glove is designed to better absorb shots and hard impacts during regular play. The PRO PALM X palm provides a clean feel on the stick and is built to withstand regular wear and tear.

When selecting a size, the senior size should be chosen between 13 inches and 14 inches to match hand length and the desired fit.
