Product information

Glove color: black

The WARRIOR QR6 TEAM BLACK JR is a youth hockey glove designed for young players who need a perfect balance of mobility and protection. The COVERT TAPER FIT is modeled after the natural shape of the hand, ensuring direct stick contact without the glove feeling stiff.

- Fit: COVERT TAPER FIT, close-fitting with great control
- Thumb: AXYFLEX THUMB for greater mobility
- Mobility: anatomically stretchy back of the hand with responsive Lycra inserts
- Ventilation: Foam-mesh inserts
- Protective Construction: DUO-LAM with HD VN, medium-density foam, and plastic inserts
- Protection areas: Back of the hand, cuff, and fingers
- Palm: PRO PALM for sensitivity and durability
- Sizes: 10 inches, 11 inches, 12 inches

Especially in junior hockey, a glove that fits naturally right from the start and doesn't hinder quick movements makes a real difference. The combination of a movable thumb, a stretchy construction, and a form that closely follows the hand's contours helps with stick handling, passing, and quick reactions during practice and games. At the same time, the protection is designed so that high-impact areas on the back of the hand, fingers, and cuff are specifically reinforced without significantly restricting feel in the palm. The black version fits seamlessly into any team's gear.

When choosing junior hockey gloves, it's important to check the correct inch size to ensure a balance between protection and freedom of movement.
