Product information

Glove color: navy

The WARRIOR QR5 40 NAVY SR is an ice hockey glove designed for players who are looking for a direct stick feel with a noticeably snuggler fit during practice and games. The design is based on the natural position of the hand, fits snugly across the back of the hand, and is intentionally looser at the wrist to maintain mobility and comfort.

- Fit: new, slimmer cut for enhanced feel
- Construction: adapted to the natural shape of the hand
- Feel: snug against the back of the hand, looser fit at the wrist
- Protection: two layers of protective padding with varying densities
- Reinforcement: additional plastic inserts
- Palm: A blend of durability and PRO feel
- Lining: Dries faster than conventional liners
- Variant: navy, SR, available in 13 inches or 14 inches

This balance is particularly noticeable during regular ice hockey play: The palm provides a precise feel for the stick without compromising on practicality for everyday club use. At the same time, the protective construction is designed to absorb impacts in a controlled manner during games and practice. The quick-drying inner material helps ensure the glove remains comfortable even during longer sessions.

When selecting a glove, choose the desired length—13 or 14 inches—based on your hand size and preferred fit.
