Product information

Glove color: red

The WARRIOR QR5 40 RED SR is a hockey glove designed for players who want a direct feel for the stick on the ice without making unnecessary compromises on protection. The snugger fit follows the natural shape of the hand more closely, sits snugly on the back of the hand, and is intentionally looser around the wrist. This makes the glove flexible and comfortable, especially during regular training and everyday club play.

- Fit: slim cut, adapted to the natural shape of the hand
- Feel: snug against the back of the hand, looser fit at the wrist
- Protection: two layers of protective padding with varying densities
- Protection area: additional plastic inserts against strong and moderate impacts
- Palm: Designed for durability and a direct feel for the racket
- Lining: quick-drying for a drier feel
- Color: red
- Size: 13 inches or 14 inches

On the ice, this design really shines when handling a lot of passes, making quick stick changes, or maneuvering the stick precisely in tight situations. The combination of a snug fit, durable palm, and quick-drying inner material maintains a consistent feel and reduces a clammy sensation during extended periods on the ice. At the same time, the construction is designed to provide protection against the typical impacts encountered during practice and games.

When selecting a glove, choose the right size—13 or 14 inches—to ensure a good balance between mobility and protection.
