## Product information

---

Glove color: maroon

The WARRIOR QR6 TEAM MAROON SR is an ice hockey glove designed for senior players who are looking for a snug, flexible fit with direct stick feel during regular practice and games. The COVERT TAPER FIT follows the natural shape of the hand to maintain control and mobility even in high-intensity situations.

- Fit: COVERT TAPER FIT, close-fitting and contoured to the hand
- Thumb: AXYFLEX thumb for greater mobility
- Mobility: Anatomically stretchy back of the hand with responsive Lycra inserts
- Ventilation: Foam-mesh inserts
- Protection: DUO-LAM with HD VN, medium-density foam, and plastic inserts on the back of the hand, cuff, and fingers
- Palm: PRO PALM for balanced feel and durability
- Color: maroon
- Size: 13 inches or 14 inches

Club players in particular notice the difference, especially when the game demands a lot of stick-handling, quick passes, and shots in tight spaces. The flexible construction supports fingerwork, while the multi-layered design in exposed areas is engineered to withstand the typical stresses of hockey. The result is a glove that doesn't feel stiff yet still offers substance when the game gets physical.

When choosing a size, keep in mind that 13 or 14 inches should match your hand size and desired fit in the adult range.
