Product information

Glove color: navy

The WARRIOR LX PRO NAVY SR is a hockey glove designed for regular use in practice and games. In its navy-colored version, the model has an understated look, but the focus is primarily on what matters most on the ice: a balanced combination of protection, mobility, and a secure grip on the stick.

- Product Type: Ice Hockey Gloves
- IntendedUse: Practice and Games
- Age group: SR
- Color: navy
- Sizes: 13 inches, 14 inches, 15 inches
- Fit: Designed for use as a player's glove in ice hockey

For club players in particular, it's crucial that stick handling, passes, and shots aren't hindered by a stiff or unstable fit. A model from the Pro line is designed for players who regularly pick up speed on the ice and seek a clean connection between hand and stick. At the same time, the glove remains a piece of equipment that is put to the test daily through contact with the puck, stick, and boards.

When choosing a size, it's worth paying close attention to how the glove feels on your hand: 13 inches usually fits more snugly, while 14 and 15 inches offer more length and volume in the palm area.
