Product information

Glove color: navy

The WARRIOR FR PRO NAVY SR is an ice hockey glove designed for players who seek a direct feel for stick control and quick movements without compromising on protection during everyday play. The design, which is tailored to the natural shape of the hand, provides great flexibility in the fingers and thumb—a benefit that’s especially noticeable during regular practice and in tight game situations.

- Product Type: Senior Ice Hockey Glove
- Technology: AXI-FLEX THUMB with anatomical stretch back
- Feel: Natural fit with responsive Lycra gussets
- Training benefits: enhances reach and puck handling
- Protection: IMPAX foam with extended coverage on the hand
- Wrist: Designed for freedom of movement and protection against impacts
- Color: navy
- Size: 13 inches, 14 inches, 15 inches

On the ice, this model’s strengths really shine when the stick is moved frequently and the hands have to work actively. The flexible thumb construction and the movable backhand help you maintain a secure grip on the stick, while the foam provides additional coverage in exposed areas. This makes it a great fit for ambitious club players and regular training sessions where both mobility and protection are essential.

When choosing a size, it’s worth checking your usual glove length in inches to ensure a comfortable fit and freedom of movement.
