- Thumb: AXYFlex Thumb for greater mobility and dexterity
- Feel: Buttersoft Feel with responsive Lycra inserts
- Back of the hand: anatomically shaped stretch back
- Protection: Designed for mobility with protection for everyday hockey play
- Color: red
- Size: 10 inches, 11 inches, or 12 inches

Especially in junior hockey, it makes a significant difference when a glove doesn't feel stiff. The flexible cuff reduces strain on the wrist during tight puck control and quick shots, while the flexible thumb supports hand-eye coordination with the stick. Added to this is a soft, game-ready feel that makes the transition to new equipment easier and is noticeably comfortable during regular practice.

When choosing a size, it's important to match the glove to your hand size and existing protective gear so that the glove fits snugly and mobility is maintained.
