Product information

Protection size-1: JR

WARRIOR GROIN PROTECTION SHORTS LOOSE FIT JR are loose-fitting groin protection shorts designed for young hockey players. A securely fitting pair of groin protection shorts is especially important during practice and games, without unnecessarily restricting movement on the ice. The loose-fit design is intended for junior players who prefer a more comfortable fit under their gear.

- Product Type: Groin protection shorts for hockey
- Fit: Loose fit with a more relaxed fit
- AgeGroup: JR
- Sizes: M or L
- Intendeduse: Practice and games
- Protection area: Lower abdomen, when worn with a groin guard

In youth hockey, every detail of the equipment often matters: The shorts should fit comfortably under pants and protective gear, even when the pace picks up or players are working hard in tight spaces. The loose fit is ideal for players who don't want to feel too constricted under their protective gear. At the same time, the design is clearly focused on protection, which is essential for regular ice or indoor training.

When selecting a pair, it helps to consider not only the junior size but also the desired fit: M or L, depending on how snug or loose you want the shorts to be.
