Product information

Protection size-1: SR

WARRIOR GROIN PROTECTION SHORTS LOOSE FIT SR are designed for ice hockey players looking for loose-fitting undershorts with built-in protection for practice and games. The loose-fit design is less snug than classic compression models and is well-suited for players who prefer more freedom of movement under their gear.

- Product Type: Groin protection shorts for hockey
- Fit: Loose Fit, loose cut
- Protection: Designed to accommodate a groin guard in the lower body area
- AgeGroup: SR
- Sizes: S, M, L, XL
- IntendedUse: Practice and games

In hockey, in particular, underwear worn under protective gear needs to do more than just feel comfortable. Loose-fitting shorts can help the gear feel more natural and stay comfortable during changes of direction, sprints, or while changing in the locker room. For club players and regular practice nights, this is especially important when you don't want anything constricting you under your pants and protective gear.

The senior version of this model is designed for adult players. When choosing a size, it's worth considering your preferred fit—whether you prefer a looser fit or a secure hold under your hockey pants.
