Product information

Goalkeeper color: white/silver

Goalkeeper size: YT

WARRIOR ALPHA S30 YT are leg guards for young goalies looking for a balanced combination of protective coverage, mobility, and the right junior size for both practice and games. The white/silver design fits seamlessly into classic goalie gear, while the 20-inch + 0.5-inch size is tailored for youth players.

- Product Type: Leg pads for ice hockey goalies
- Model: ALPHA S30 YT
- Age group: YT, for younger youth players
- Size: 20 inches + 0.5 inches
- Protection area: Legs during goalkeeping
- IntendedUse: Training and games in youth ice hockey
- Color: White/Silver

Especially for youth players, it's important that leg pads not only provide protection but also allow for smooth movements in goal. This YT model is designed for young goalies who want equipment that's neither too big nor unnecessarily heavy. In everyday hockey, this is especially helpful during a young goalie's first regular appearances with the club, when movements such as shifting, diving, and closing the pads become increasingly confident.

For parents and clubs, the right length is especially crucial: 20 inches + 0.5 inches should match the young goalie's height and current equipment setup.
