in Delivery between **Thu 29. Oct - Mon 02. Nov 2026**

2 in stock

Goalkeeper color: white

Goalkeeper size: INT

WARRIOR G7 INT is a youth goalie leg guard designed for use in hockey goals, tailored to young goalies who are still developing. Especially when movement patterns, positioning, and clean coverage on the ice are still being mastered, the flexible thigh pad provides a little more freedom of movement. In the white version and size INT, this model is tailored for youth players.

Product information

- Product Type: Youth Goalie Leg Guards
- System: Knee Drive System with a wide, soft knee pad
- Functionality: flexible thigh pad for greater mobility
- Protection Area: Full leg coverage with laced knee pads
- Construction: Lightweight and flexible design
- Closure: Three wide Velcro straps
- Adjustment: Active Response Strap for securing around the shoe and toes
- Size/Color: INT / white

In everyday training, this combination quickly proves its worth: The pad remains flexible enough to allow for clean butterfly movements, while providing a clear, stable point of reference at the knee. This supports balance and facilitates controlled movements in front of the goal without restricting young players with an overly rigid design. The wide straps and the additional support at the bottom help keep the pad securely in place on the leg.

For youth goalies, the size should be chosen so that the knee and knee pad fit together snugly.
