Goalkeeper color: black

Goalkeeper size: INT

WARRIOR X4 E+ BLACK INT are goalie pants designed for goalies who are looking for a classic fit on the ice but don't want to sacrifice a lightweight and flexible setup. The 2023 model is designed for senior goalies who prioritize smooth lower-body movements during butterfly saves, when getting back on their feet, and in tight game situations.

- Product Type: Senior Goalie Pants
- Construction: ultra-lightweight design without an inner belt

Product information

- Fit: conventional feel with a classic cut
- Technology: revised AxyCut technology along the outer edge
- Mobility benefits: Reduces contact with leg pads during the butterfly and when getting up
- Adjustment: Removable buttons for suspenders
- Color: black
- Size: INT, pad sizes S/M, M/L, L/XL

It's especially during regular training and games that you realize how important it is to have pants that don't interfere with your movement. Thanks to the lightweight construction, the fit remains comfortably snug, while the classic shape appeals to players who prefer a familiar feel in goal. The tailored AxyCut design supports smooth transitions into and out of the butterfly position, which is particularly noticeable during modern goalie movements involving wide pad rotations.

For a cohesive gear setup, the pants should match the size of the protective gear you're using.
