Product information

Color:	black
Goalkeeper Regular/Fullright:	Regular
Bends:	TWT Curve
Stick size:	SR

The WARRIOR M3 PRO SR is a goalie stick designed for ice hockey and is aimed at goalies who are looking for a clear, direct feel from their stick during practice and games. The SR (Regular) version with the TWT Curve is ideal for goalies who rely on a familiar blade shape when directing rebounds, stopping the puck along the boards, and building plays with control.

- Product Type: Ice hockey goalie stick
- Model: M3 PRO
- Size: SR
- Length: 26 inches / 66 cm
- Curve: TWT Curve
- Glove Style: Regular
- Color: black

Especially in the goalie position, the stick often determines whether a clean release and controlled first passes are possible. The 26-inch model falls into a category that is frequently in demand in the senior segment, where stable yet familiar handling remains crucial in front of the net. The TWT Curve enhances puck feel—a quality many goalies value during saves, deflections, and quick relays. Finished in black, the model has a sleek and athletic look without distracting from the essentials.

In addition to the senior size, the most important factor in selecting the right stick is choosing the appropriate regular model in combination with your preferred blade curvature.
