Product information

Goalkeeper color: black

Goalkeeper size: INT

WARRIOR X5 PRO BLACK INT are goalie pants designed for goalies looking for the right balance of protection, mobility, and value for money during practice and games. The contoured waist and segmented hip and kidney protection provide support in high-impact areas without unnecessarily restricting movement in front of the net.

- Product Type: Goalie pants with internal strap system
- Protection: Segmented hip and kidney protection, flat thigh area
- Construction: Contoured waist for a snug fit
- Technology: AxyCut on the lower outer edge to prevent snagging on leg guards
- Adjustment: Dual adjustment options for a secure fit
- Compatibility: Easily removable for seamless integration with chest and arm protection
- Attachment: Nylon loops and sturdy buttons for suspenders
- Size: INT in S/M, M/L, or L/XL

For goalie players in club competitions, it's especially important that the pants stay securely in place during the butterfly position, lateral movements, and when working closely with the leg pads. The well-designed shape around the waist and the internal strap system help ensure this. The flat thigh construction ensures maximum coverage, while the AxyCut improves compatibility with leg pads and supports a clean fit at the bottom.

When selecting a pair, it's worth checking the desired INT size and how the pants work with your chest protector and leg pads.
