| Goalkeeper Regular/Fullright: | Regular |
| Goalkeeper size:              | SR      |

The WARRIOR SWAGGER STR2 SR is a goalie stick designed for regular use on the ice when a lightweight feel combined with a sturdy construction is required. The balanced design promotes smooth handling in the crease, while the lightweight foam core helps you maintain control of the stick even during longer practice and game sessions. The black finish gives it a classic, understated look.

- Product Type: Goalie stick
- Construction: lightweight foam core with a robust design
- Feel: superbly balanced construction
- Performance: Solid, consistent playing characteristics
- Design: Classic design in black
- Seiter: Regular
- Size: SR

Consistent performance is crucial, especially for adult goalies who complete many repetitions in practice and rely on a familiar stick feel during games. That's exactly where this model comes in: not flashy, but clearly designed for durability, balance, and reliable performance during puck handling and blocking movements. Its light weight can help keep your hands agile without making the stick feel too light or unstable.

The "Regular" Seiter and the "SR" size should match your usual goalie gear and your personal catching or stick hand.
