This design is particularly well-suited for club players and teams looking for a low-maintenance top to wear between the locker room, warm-up, and practice. The thumbhole helps keep the sleeves in place when additional layers of gear are worn over the sweater. The short zipper provides quick ventilation during indoor training or warm-ups without requiring a complete outfit change. The elbow detail adds a subtle accent without detracting from the overall athletic look.

When selecting a size, choose the senior size SR; this style is available in sizes S through XXXL.
