Product information

Textile dye: toxic

Textile size-1: SR

The WARRIOR SHIRT L/S COMP TOXIC SR is a form-fitting long-sleeve shirt designed for hockey practice and games when a functional base layer is needed under your gear. The WarTech moisture-wicking system helps keep you dry and comfortable, while the mesh fabric promotes air circulation. In the “toxic” color, the shirt also makes a striking visual statement.

- System: WarTech Moisture-Wicking System
- Material: 86% polyester, 14% spandex
- Fit: close-fitting
- Ventilation: mesh fabric
- Product Type: Long-Sleeve Performance Shirt
- AgeGroup: SR
- Sizes: S, M, L, XL, XXL
- Color: toxic

A form-fitting shirt really makes a difference, especially during intense sessions on the ice or in the rink: It stays in place under shoulder pads and a jersey, is lightweight, and moves with you even during quick changes in direction. The fabric blend with spandex provides the necessary stretch so the shirt doesn't feel restrictive. For club players and ambitious training sessions, this is especially helpful when multiple high-intensity phases follow one another without a long break to change gear.

The form-fitting cut should be chosen deliberately if a snug fit is desired as the first layer under hockey gear.
