Textile dye: blue

Textile size-1: SR

WARRIOR HOSE COMP BLUE SR are form-fitting performance pants designed for practice and games when a snug fit and a dry feel under hockey gear are essential. The stretchy fabric fits snugly without restricting movement on the ice, making them a great choice for club players who train regularly.

- System: WarTech Moisture-Wicking System
- Function: helps maintain a dry and comfortable body climate
- Construction: mesh fabric for breathable panels
- Material: 86% polyester, 14% spandex
- Fit: close-fitting
- Waistband: low-rise waistband for comfort and a secure fit
- Color: blue
- Size: SR, available in S through XXL

The fabric blend really shines during intense training sessions: The pants move with you during sprints, changes of direction, and in low stances, while the WarTech system wicks moisture away from the body. The mesh fabric provides additional comfort when the gear is worn for extended periods. Thanks to the lower waistband, the pants sit comfortably under other hockey clothing without adding unnecessary bulk.

The form-fitting cut should be chosen to hug the body, especially when the pants are worn as a base layer under the gear.
