Product information

Textile size-1: JR

The WARRIOR ALPHA X STADIUM JR Jacket is a junior jacket designed for everyday hockey use—whether you need a simple extra layer before practice, on the way to the arena, or during breaks between games. The Alpha X Stadium model is designed as a sporty team and training jacket and is a great fit for young players participating in regular club activities.

- Product Type: Junior jacket for training, travel, and everyday team use
- Model: Alpha X Stadium
- Agegroup: JR
- Color: navy/black
- Sizes: M, L, XL
- Uses: Hockey, indoor sports, locker room, and club activities
- Fit: Tailored to junior sizes

Especially for youth teams, it's important to have gear that's easy to wear and works well in everyday club life. This jacket is designed with that in mind: it has a sporty look, a simple navy and black color combination, and is clearly tailored to junior sizes. This is helpful for parents and clubs looking for a jacket that fits into a unified team environment during training and games without looking overly busy.

When choosing a size, it's worth considering how the jacket will be worn—for example, whether there needs to be room for team uniforms or protective gear underneath.
