Product information

Textile dye: navy

Textile size-1: JR

The WARRIOR T-SHIRT ALPHA X TECH JR is a junior shirt designed for practice and games when agility and a dry, comfortable feel are essential on the field. The knitted polyester fabric is lightweight, while the WarTech moisture-wicking system quickly draws sweat away from the skin. In navy, the shirt fits right in with everyday club life and regular indoor practice sessions.

- Technology: WarTech moisture-wicking system for a dry and cool feel
- Material: 100% knitted polyester
- Ventilation: Mesh back panel for enhanced breathability
- Fit: Raglan cut for freedom of shoulder movement
- Mobility: Split side seams and a hem that tapers toward the back
- Details: Graphic on the front and printed Warrior logo
- Agegroup: JR
- Sizes: XS, S, M, L, XL

Especially for young athletes, a functional shirt often makes all the difference because it stays comfortable even during intense workouts and doesn't restrict movement unnecessarily. The raglan cut supports natural movement in the shoulders and upper body, which is noticeable during quick changes of direction, shooting motions, or longer training sessions. The mesh back provides additional airflow, while the extended hem stays in place even when you're moving.

When choosing a size, it's worth considering the desired fit—whether you prefer the shirt to be worn close to the body or more loosely.
