## Product information

---

Textile dye: gray

The WARRIOR PARKA 3IN1 COVERT GRAY SR is designed for everyday hockey life—from practice to game day to travel. The parka combines a weatherproof outer jacket and a lightweight inner jacket in a system with three wearing options. This solution offers noticeably more flexibility, especially for club players and coaches who frequently switch between the gym, the ice rink, and outdoor activities.

- Technology: Wartech with heat retention and sweat and moisture wicking
- System: 3-in-1 style with removable inner jacket
- Material: 100% polyester, woven and knitted
- Inner jacket: lightweight, with sleeves made of stretch fabric and 10% recycled inner material
- Inner Jacket Details: Ribbed collar and cuffs
- Closure: waterproof 2-way zipper
- Pockets: two front zippered pockets, outer pockets with Velcro closures
- Color: gray, size SR in S through XXXL

In hockey, it's precisely this versatility that's often crucial: cold in the morning on the way to the rink, movement during warm-ups, and short breaks along the boards in between. The inner jacket is lighter and more flexible, while the outer jacket provides additional protection from the elements. The 2-way zipper is practical when you need to move quickly or want more freedom of movement while sitting. The hood hem, pocket design, and understated gray color scheme fit well into the regular routine of club life.

The right SR size is key to making the right choice; the model is available in sizes S through XXXL.
