For club players and teams in particular, functional clothing that performs well without much effort is often essential during training. This jacket combines comfort with practical details like the 2-way zipper, which provides a bit more flexibility when changing or moving around. The fixed hood complements athletic activities around the gym, locker room, and during travel, without losing the distinct character of a team jacket.

To help you choose, take a quick look at the desired adult size and consider how much room you'll need for additional layers underneath.
