Product information

Textile dye: gunmetal

The WARRIOR ALPHA X STADIUM SR JACKET is a long, lined stadium jacket designed for cold walks to the gym, time on the bench, and longer periods spent training. Especially in everyday club life, it's important to have clothing that keeps you warm, doesn't unnecessarily restrict your range of motion, and offers some extra protection in changeable weather.

- Product type: long, lined stadium jacket
- Material: 100% woven polyester
- Weather protection: water-repellent fabric
- Closure: 3/4-length front zipper for a comfortable fit
- Pockets: two side pockets with zippers
- Hem: concealed, ribbed cuffs
- Hood: lined
- Color: gunmetal

In hockey, long wait times before the game, on road trips, or between shifts on the ice are nothing out of the ordinary. That's exactly where this jacket shines: The lining provides extra warmth, while the water-repellent outer material offers protection against light rain and windy conditions. The 3/4-length zipper contributes to a comfortable fit, and the concealed cuffs help trap heat closer to the body. Zippered pockets are handy for small items that shouldn't be left lying around in the locker room or on the bench.

Available in UK sizes 8 through 18. A quick comparison with your usual outerwear size will help you choose the right fit.
