Product information

Textile dye: black

Textile size-1: JR

The WARRIOR AURUM JR Jacket is a training jacket for young athletes designed to keep them warm and comfortable on the way to the gym, during warm-ups, or between training sessions. The soft polyester fabric is lightweight, while WarTec technology retains heat and wicks moisture away from the body.

- Technology: WarTec for warmth and moisture management
- Material: 100% polyester with a soft feel
- Construction: fixed hood and mid-length to long sleeves
- Closure: 2-way zipper
- Uses: Hockey practice, travel, and breaks between sessions
- Color: black
- Details: Gold-colored logo as a heat-transfer print
- Sizes: JR in XS, S, M, L, and XL

Especially in junior sports, there's a need for clothing that's easy to use and stands up to the demands of everyday athletic life. The combination of light insulation and moisture-wicking properties is helpful when you don't want to cool down immediately after the warm-up or when you need an extra layer on the way from the car to the locker room. The two-way zipper provides a bit more freedom of movement, such as when sitting on the bench or changing quickly during practice.

When making your selection, consider the desired fit for the midlayer, depending on whether team uniforms or protective gear will be worn underneath.
