Product information

Textile dye: red

Textile size-1: JR

The WARRIOR T-SHIRT COVERT TECH RED JR is a lightweight hockey shirt for young players who need mobility and a dry, comfortable fit during practice or games. The thin polyester fabric is lightweight, while Wartech technology wicks sweat and moisture away from the body.

- Technology: Wartech for wicking away sweat and moisture
- Material: 100% polyester, thin and lightweight
- Construction: structured, pre-shaped shoulder panels
- Side panels: concealed colored stretch panels
- Details: Printed logos, tone-on-tone W logo on the lower back
- Color: red
- Agegroup: JR
- Sizes: M, L, XL

Especially for juniors who train regularly with their club, it's important to have clothing that moves with every action and stays comfortable even during intense sessions. The pre-shaped shoulder panels provide a sporty silhouette without making the shirt unnecessarily heavy. In addition, the stretch panels on the sides provide more freedom during dynamic movements, such as quick changes of direction or in tight game situations. This makes the shirt ideal for on-ice training, off-ice sessions, and warming up in the arena.

When selecting a size, check the JR sizes M, L, and XL to ensure the shirt is neither too tight nor too loose, preventing it from slipping during training.
