In everyday hockey life, in particular, there's often a need for clothing that's easy to wear without much fuss. A polyester T-shirt typically dries quickly in a sports setting and is comfortable to wear if you don't change right away after the warm-up, in the weight room, or after practice. The graphic design adds a clear hockey reference to the outfit without being too flashy. For club players and teams, this model is a great choice when looking for a simple shirt for regular use.

To help you choose, take a quick look at the size guide in the SR section to ensure the shirt fits more snugly or loosely, depending on your preference.
