For club players and teams in particular, the most important thing about a jacket is that it works seamlessly in everyday hockey life and blends in well with existing gear. The Alpha-X-Aspire model is clearly designed for off-ice use: as an extra layer before practice, in cool arenas, or while traveling with the team. The Senior fit appeals to adult players who rely on a dependable, sport-oriented solution for their regular training routine.

The right SR size is key to making the right choice. The model is available in sizes S through XXXL.
