In junior hockey in particular, it's often important that gear fits quickly and can be changed just as quickly after practice. The zippers on the outer ankle make it easy to put the pants on and take them off, even when wearing shoes. There are also side pockets with closures for smaller items that shouldn't be carried loose on the way to the rink or during everyday club activities. The black design has a understated look, while the tone-on-tone lettering and printed logos maintain a sporty feel.

To help you choose, check the desired junior size between XS and XL.
