Especially for juniors, it's important to have pants that stay lightweight and move with you on the way to the rink or during off-ice training. The stretch panels on the sides provide flexibility exactly where you need it—whether you're running, stretching, or making quick changes in direction. Plus, the elastic waistband offers a comfortable, non-restrictive fit. The two side pockets make these shorts practical for training and everyday club activities.

To find the right fit, check the desired junior size within the available JR models.
