EXEL OEB RACE GRIP restores a direct feel to your hockey stick when a secure grip is essential during practice and games. Especially with frequently used sticks, a fresh grip tape makes a noticeable difference because your hands can work more consistently and you can control the stick more securely.

- Product Type: Grip tape for hockey sticks
 - Intended use: Training and games
 - Grip: for a secure hold and consistent hand position
 - Game benefits: supports clean ball control, tight stick handling, and controlled shots
 - Suitable for: Sticks used regularly in club and indoor play
-

Product information

- Package Contents: 1 piece

Its benefits are particularly evident during play when the upper hand remains steady on the stick and the lower hand needs to make controlled adjustments. This is exactly where this grip tape comes in: It helps maintain a more consistent grip position and provides greater confidence during quick movements. This is particularly relevant for club players who use their sticks several times a week, as a worn grip tape often loses precision in the feel of the grip. The single-piece packaging is also practical for coaches and teams when re-wrapping multiple sticks or planning for replacement grip tapes.

Before ordering, briefly check whether a single grip is sufficient or if multiple sticks need to be re-gripped.
