Accessory size: S

MARSBLADE CHASSIS O1 COMPLETE is an inline chassis for hockey players who are looking for a more agile skating feel during off-ice training or who want to equip a skate with a complete O1 set. In size S, the chassis comes ready-to-use with wheels and ball bearings, making it particularly suitable for quick and easy assembly.

- Product Type: Inline chassis for hockey
- System: Marsblade O1
- Feel: Designed for a dynamic, hockey-like rolling motion

Product information

- Size: S
- What's Included: Chassis with wheels and ball bearings
- IntendedUse: Off-ice training and inline hockey
- Assembly: Designed to be combined with a compatible hockey boot

A chassis that not only rolls but also mimics ice hockey movements as closely as possible is particularly appealing to club players and ambitious young players. Marsblade's O1 system is well-known in this area: It's designed for players who want to work on their skating style, rhythm, and edge control even off the ice. The fact that wheels and ball bearings are already included simplifies assembly and saves time when putting together individual components.

Size S should match the shoe being used and the intended setup.
