CCM SCREW FOR E-BLADE is a compatible replacement screw for E-Blade mounts and is listed as screw 602 for Prolite 3. Small replacement parts are especially important in everyday club life or during regular use on the ice, ensuring that equipment can be quickly reassembled.

- Product Type: Replacement screw for ice skate mount
- Compatibility: Screw 602 for Prolite 3
- Application: Replacement or repair on CCM E-Blade systems
- Installation: Designed for attachment in the mounting bracket area
- Benefits: Useful as a replacement part for service, repair, and equipment maintenance

Product information

- Package Contents: 1 screw

Small parts like these often go unnoticed until something is missing during equipment service or a suitable fastener is needed after a repair. For players, parents, or coaches who don't want to leave equipment idle for long, a precisely matched screw is therefore particularly practical. Classifying it as screw 602 for Prolite 3 helps ensure the replacement is specifically selected for the existing setup, without having to resort to incompatible universal parts.

Before installation, briefly check whether the bracket and mount are compatible with the existing Prolite 3 system.
