MARSBLADE R1 KRAFT TEAM JR is an inline hockey frame designed for youth players, shown here in Skate Size 4 and featuring a D-fit for junior shoes. The R1 system is known for its agile ride and is designed for young players who want to

Product information

simulate the motion of skating on ice during off-ice training.

- System: Marsblade R1 with flexible frame construction
- Product Type: Inline hockey chassis for junior players
- Feel: Designed for a rolling and tilting motion similar to that on ice
- Applications: Off-ice training, technical drills, and hockey-specific movements
- Size: Skate Size 4
- Shoe size: JR
- Fit: D (Regular)

Especially at the junior level, it's important that movement patterns off the ice feel as natural as possible. That's exactly where the R1 chassis comes in: Its design supports active weight transfer and a more dynamic skating feel than rigid standard solutions. This is particularly appealing to young players in club teams and to parents who look for training gear with a clear connection to ice hockey.

When selecting a pair, make sure the JR shoe size, Skate Size 4, and the Regular width D match.
