Product information

Shoe size Europe: 45

The ASICS GEL-CUMULUS 26 MEN in EU 45 is a running shoe designed for regular training, ideal for long runs where a soft, smooth ride is desired. Especially during repeated runs on asphalt or hard surfaces, the series' highly cushioned design is noticeably effective without making your stride unnecessarily sluggish.

- Technology: PureGEL for soft cushioning
- Midsole: FF BLAST PLUS Foam
- Outsole: FluidRide for smooth transitions
- Feel: Lightweight and highly cushioned within the CUMULUS series
- IntendedUse: Running training with a focus on comfort
- Development: Developed and tested at the Institute of Sports Science (ISS) in Japan
- Fit: Men's model
- Size: EU 45

In everyday training, it's often not just speed that matters, but above all how consistently a shoe performs over many kilometers. This is exactly where this model excels: PureGEL absorbs the impact, FF BLAST PLUS provides a comfortably cushioned base, and the FluidRide outsole supports a smooth stride from landing to push-off. This is particularly well-suited for runners seeking reliably comfortable cushioning who don't want an unnecessarily hard running feel, even during frequent training sessions.

When choosing a pair, in addition to the desired level of cushioning, the right size is crucial; this model is available in EU size 45.
